Due to multiple requests we have added EZ-Pull Line Sets in various lengths for mini-split connection. These are in addition to the line sets shown on Page 419 in our REM 2017 Catalog.

EZ-Pull Tube Sets

EZ-Pull line sets feature white, polyethylene foam insulation with a tear resistant exterior. Lines are independently insulated with flares and flare nuts on ends, UV resistant, and paintable. Manufactured to ASTM B-743 standard and meets ASTM E84 for smoke and fire resistance.

Both Liquid and Suction line insulated - flared ends with forged flare nuts
